

METHODIST COLLEGE BELFAST

PUPILS' STANDARDS

Published in the Homework Diary

While you are at school, you will develop as a person, and the attitudes and standards you adopt will have an important effect on your later life. The College believes that there are certain positive standards which people have a right to expect of its pupils.

1. Self-Control

- * Organise your study and leisure activities sensibly and avoid wasting time.
- * Some habits, such as smoking, drug-taking, drinking and gambling are very hard to give up once you have started them. They are forbidden in all circumstances connected with the College and you are strongly advised to avoid them.

2. Self-Respect

- * Take care in your personal appearance and cleanliness.
- * Ensure your manners, speech and behaviour do you credit. Wear your school uniform properly and avoid extremes of dress when not wearing it. Do not let yourself down.

3. Respect for Property

- * Preserve and protect the College facilities.
- * Avoid untidiness and do not cause litter.

4. Respect for Persons

- * Show courtesy to one another and deference to members of staff and visitors.
- * Outside the College always show consideration towards all members of the public.

5. Responsibility before God

- * As the College is a Christian foundation, we acknowledge God at Morning Assembly. Join in the service with due thought and reverence, and if there are times when you cannot take part sincerely in the service, then respect it with your presence as a traditional, corporate ceremony of your College.
